Re: 2013-HQFO-00920

Dear Mr. Musgrave:

This is the final response to your Freedom of Information Act (FOIA) request to the Department of Homeland Security (DHS), dated and received on August 20, 2013. You are seeking all reports of significant FOIA activity received from all DHS component FOIA offices by the DHS Privacy Office in 2012.

A search for documents responsive to your request produced a total of 303 pages. Of those pages, I have determined that 258 pages of the records are releasable in their entirety, and 45 pages are partially releasable pursuant to Title 5 U.S.C. § 552: (b)(6), FOIA Exemption 6.

FOIA Exemption 6 exempts from disclosure personnel or medical files and similar files the release of which would cause a clearly unwarranted invasion of personal privacy. This requires a balancing of the public's right to disclosure against the individual's right to privacy. The privacy interests of the individuals in the records you have requested outweigh any minimal public interest in disclosure of the information. Any private interest you may have in that information does not factor into the aforementioned balancing test.

You have a right to appeal the above withholding determination. Should you wish to do so, you must send your appeal and a copy of this letter, within 60 days of the date of this letter, to: Associate General Counsel (General Law), Mailstop 0655, U.S. Department of Homeland Security, Washington, D.C. 20528, following the procedures outlined in the DHS regulations at 6 C.F.R. § 5.9. Your envelope and letter should be marked "FOIA Appeal." Copies of the FOIA and DHS regulations are available at www.dhs.gov/foia.

The Office of Government Information Services (OGIS) also mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that

OGIS does not have the authority to handle requests made under the Privacy Act of 1974. If you wish to contact OGIS, you may email them at ogis@nara.gov or call 1-877-684-6448.

Provisions of the FOIA allow us to recover part of the cost of complying with your request. In this instance, because the cost is below the \$14 minimum, there is no charge. 6 CFR § 5.11(d)(4).

If you need to contact our office again about this matter, please refer to **2013-HQFO-00920**. This office can be reached at 866-431-0486 or 202-343-1743.

Sincerely,

Weekly FOIA Report

I. Efficiency and Transparency-Steps taken to increase transparency and make forms and processes used by the general public more user-friendly, particularly web-based and FOIA related items:

- On December 14, 2011, the United States Citizenship and Immigration Services (USCIS) Office of Citizenship and Office of Public Engagement held a meeting to discuss citizenship education strategies for older applicants. The conversation focused on barriers older applicants commonly encounter while preparing for citizenship, including the need for appropriate educational instruction, tools, and resources to help them prepare for the entire naturalization process.
- On December 15, 2011, the United States Citizenship and Immigration Services (USCIS) posted a draft Request for Evidence template, I-129 L-1 "Intracompany Transferees: Qualifying Relationship/Ownership and Control/Doing Business," for review and comment by stakeholders. Comments are due January 17, 2012.
- On December 16, 2011, the United States Citizenship and Immigration Services (USCIS) conducted a teleconference in English and in Spanish to discuss the process of re-registration under the extension of Temporary Protected Status (TPS) for nationals of Honduras and Nicaragua. Honduran and Nicaraguan nationals must re-register for an extension of TPS by January 3, 2012. In view of the fast approaching the deadline, USCIS responded to stakeholder concerns regarding the re-registration process and to remind stakeholders of the importance of filing for TPS in a timely manner.
- On December 20, 2011, U.S. Immigration and Customs Enforcement (ICE) created a new section in their online FOIA Library entitled "Office of Detention Oversight Detention Facility Compliance Inspections."
- On December 20, 2011, U.S. Immigration and Customs Enforcement (ICE) posted the following documents to their online FOIA Library: 1) the 2011 Santa Ana Jail Compliance Inspection report; 2) the Secure Communities Fiscal Year 2011 3rd Quarter Congressional report; and 3) Fiscal Year 2011 year-to-date Secure Communities Nationwide Interoperability Statistics.

- On December 23, 2011, the United States Citizenship and Immigration Services (USCIS) announced that it would change the filing locations for Form I-130, "Petition for Alien Relative." Effective January 1, 2012, domestic petitioners must mail their stand-alone I-130 applications to either the Chicago Lockbox or the Phoenix Lockbox, depending on where they reside in the United States. The new

filing locations will be updated with the corresponding addresses on January 1 on the Form I-130 "Direct Filing Locations" page. This effort will balance workloads between the two locations and provide more efficient and effective processing of Form I-130.

- On December 27, 2011, the United States Citizenship and Immigration Services (USCIS) reminded the sheepherding industry of the upcoming expiration of the one-time accommodation giving them more time to fully transition to the three-year limitation-of-stay requirements for the H-2A nonimmigrant classification.
- On December 27, 2011, the United States Citizenship and Immigration Services (USCIS) reminded its stakeholders that the open re-registration period for Temporary Protected Status (TPS) for nationals of Honduras and Nicaragua ends on January 5, 2012.
